

POWER STREAM
MAGForce Drive

Power.
Protection.
Performance.

Most fan bikes punish your joints with harsh, high-force pedaling. The MAGForce Drive changes the game with advanced magnetic resistance that delivers an ultra-smooth, joint-friendly ride. Every stroke reduces impact, protects knees, and keeps your form locked in—so your members can train harder, longer, and safer.

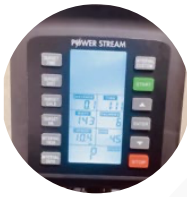

Patent No. : US 12,257,468 B2

MAGForce Drive

Air Bike with Magnetic Resistance

Dual-Resistance Training Optimized for Hypertrophy — Power. Protection. Performance.

MAGForce Drive integrates precision magnetic resistance with dynamic air resistance to maintain continuous muscle tension across every pedal stroke. Unlike ordinary fan bikes that punish joints with harsh, high-force pedaling, our magnetic system delivers an ultra-smooth, joint-friendly torque curve—each stroke reduces impact, protects the knees, and locks in proper alignment—so athletes can train harder, longer, and safer. Paired with sport-science-based programming, facilities have seen quadriceps and hamstring gains of over 20%, delivering visible development while minimizing overuse risk. The dual-resistance profile scales to every level—from rehab progressions to HIIT—without sacrificing control.

Enhanced Power & Endurance for Functional Athletes

Designed with CrossFitters and team-sport athletes in mind, MAGForce Drive's magnetic resistance delivers both high-intensity power surges and sustained load for endurance intervals. Coaches can seamlessly transition between anaerobic sprints and aerobic steady-state work—building explosive force, cardiovascular capacity, and muscular endurance all on one machine.

Joint-Friendly Pedal Dynamics for Safer Training

Conventional air bikes require extreme bursts of force that often lead to compensatory muscle patterns and knee strain. MAGForce Drive's magnetic system provides a smoother, more compliant pedal feel that cushions joint impact and maintains proper alignment, reducing injury risk—even under heavy loads or during extended sessions.

SPECIFICATIONS

Dimensions:

51.97" (D) x 30.2" (W) x 53.39" (H)
(D1320xW767xH1356mm)

Maximum User Weight: 330.7 lbs (150 kg)

Net Weight (N.W.): 105.8 lbs (48 kg)

Gross Weight (G.W.): 121.3 lbs (55 kg)

Engineered for Champions – Give Your Facility the Ultimate Competitive Edge

This isn't just equipment—it's a performance powerhouse. Forged from reinforced commercial-grade steel, driven by a precision-engineered premium drivetrain, and paired with an intuitive, pro-level LCD console, it's built to dominate the toughest training environments.

With its scalable dual-resistance system, every athlete—whether a first-time member or an elite competitor—gets a training experience tailored to their level. That means fewer injuries, faster progress, and classes that keep your facility packed.

Relentless durability. Unmatched versatility. Proven results.

This is the difference between being another gym... and being the facility everyone talks about.

Experience the MAGForce Difference Don't settle for ordinary.

Contact your Power Stream representative to schedule a hands-on demo and see how MAGForce Drive can transform your programming and set your facility apart.

POWER STREAM GENERAL WARRANTY

Power Stream is committed to providing high-quality fitness equipment designed for durability and performance. We warrant to the original purchaser that Power Stream products will be free from defects in materials and workmanship for the specified periods below, starting from the date of purchase, unless otherwise stated on the product page.

Material	Warranty Period
Structural Welds	Limited Lifetime Warranty*
Frames	Limited Lifetime Warranty*
Bronze Bushings, Pillow Block Bearings, Pulley Wheels	5 Years
Cables, Guide Rods, Sealed Roller Bearings	5 Years
Upholstery and Grips	90 Days
Wheels	90 Days
Medicine Balls	2 Years
Sewn Items	3 Years
Barbells	Lifetime Warranty

Warranty Conditions & Exclusions

1. The warranty applies only to the original purchaser and is non-transferable.
2. The warranty does not cover damage resulting from misuse, abuse, improper storage, modifications, negligence, or normal wear and tear.
3. Any specific issues regarding a Power Stream product will be reviewed on a case-by-case basis.

Barbell Warranty

Lifetime Warranty

Power Stream provides a lifetime warranty covering material, functionality, and workmanship defects. The lifetime coverage ends when the product becomes unusable for reasons other than material or workmanship defects.

This warranty applies only to the original purchaser and is non-transferable. Barbells requiring regular maintenance are not covered.

Specific Warranty Period

Power Stream warrants this product against defects in material, functionality, and workmanship for ___ years from the date of purchase.

This warranty applies only to the original purchaser and is non-transferable. Barbells requiring regular maintenance are not covered.

Construction Warranty

Power Stream warrants this product for construction integrity only.

General Warranty Terms & Conditions

This warranty may be voided if the product is damaged due to improper use, unauthorized modifications, inadequate maintenance, improper storage, or mishandling. Power Stream will assess each warranty claim on a case-by-case basis.

Warranty Against Bending

The warranty against bending does not cover damage caused by improper use, including but not limited to:

- **Dropping the bar on a box, bench, spotter arms, or power rack pins- Excessive dropping with insufficient or damaged bumper plates**
- **Excessive dropping with iron plates**
- **Excessive dropping on concrete or similar hard surfaces**

We have found that most barbell issues result from improper or excessive use rather than manufacturing or material defects. If you have concerns regarding your Power Stream barbell's warranty eligibility, please contact us for an individual assessment.

Storm Bike / MAGForce Drive Warranty

3-Year Warranty Coverage & Exclusions

This Limited Warranty covers defects in materials and workmanship for a period of three (3) years from the date of purchase. However, it does not cover normal wear and tear on the following components:

Foot pedals / Transportation wheels / Transportation belt / Rubber grips / Plastic end caps

This warranty is void if the product has been improperly stored, assembled, altered, or modified in any way. Signs of improper assembly include but are not limited to:

Damaged or stripped wiring harnesses / Stripped threads on nuts and pedals

Additionally, the warranty does not cover:

- Misuse, abuse, accidents, or damage, including scratches, broken covers, torn seats, or cosmetic damage to paint and finishes
- Failures due to lack of maintenance or improper maintenance as described in the User Guide
- Noises such as squeaks, clunks, or thumps resulting from inadequate preventative maintenance

This Limited Warranty also excludes coverage for any product that:

- Has been damaged due to accidents, misuse, or abuse
- Contains parts not manufactured or sold by Power Stream
- Has been modified in any way
- Has suffered from normal wear and tear
- Has been operated using incorrect power supplies
- Has been serviced by anyone other than Power Stream or an authorized Power Stream service provider

If a product submitted for warranty service is found ineligible, an estimate for repair costs will be provided. Labor costs are the responsibility of the original purchaser. If a product requires shipping or transportation for service, the purchaser is solely responsible for all associated fees. Any alteration, erasing, or forgery of proof-of-purchase documents will void this warranty. This Limited Warranty applies only to products purchased from Power Stream.

Disclaimed Warranties

This warranty is provided in place of all other warranties, whether express or implied, written or oral. To the maximum extent allowed by law, Power Stream disclaims all other warranties, including but not limited to:

- Express warranties
- Implied warranties
- Warranty of merchantability
- Warranty of fitness for a particular purpose
- Warranty of non-infringement of intellectual property

Warranty Claim Processing

To obtain warranty service, customers must contact the original place of purchase and provide proof of purchase. Power Stream reserves the right to either **repair or replace** any defective product frame or parts with new or refurbished parts that meet original specifications. Any exchanged frames and parts replaced under warranty will become the property of Power Stream.

Power Stream also reserves the right to change part manufacturers as necessary to fulfill existing warranties. Any defective parts must be returned to Power Stream for service. Customers must prepay for any associated shipping, export taxes, customs duties, and other transportation fees. Additionally, customers assume the risk of loss during shipment.

For warranty assistance, contact your sales representative or our support team directly.

SS Trainer Warranty

What is Covered

Power Stream warrants that the **SS Trainer** shall three years from the date of purchase

During the warranty period, Power Stream will, at no additional charge to you, repair or replace (at Power Stream's discretion) the frame or any part of the product if it becomes defective, malfunctions, or otherwise fails to conform with this Limited Warranty. **All labor costs shall be the responsibility of the owner.**

Original proof of purchase is required to invoke this warranty.

What is Not Covered

This **Limited Warranty** does not cover normal wear and tear on components, including but not limited to:

- Running belt
- Resistance mechanism
- Bearings
- Grip handles
- Plastic end caps

This warranty is void if the **SS Trainer** is improperly stored, assembled, altered, or modified in any way. Indications of improper assembly include:

- Stripped threads on nuts, bolts, or fasteners
- Signs of forceful misalignment of components

Additionally, this warranty **does not cover:**

- **Misuse, abuse, or accidents**, including but not limited to cosmetic damage (scratches, dents, or chipped finishes)
- **Lack of proper maintenance**, as outlined in the User Guide
- **Noises** such as squeaks, clunks, or thumps resulting from improper or lack of preventive maintenance
- **Use of unauthorized parts** or modifications to the equipment
- **Damage caused by improper transportation, improper storage, or extreme environmental conditions**

If a product submitted for warranty service is deemed **ineligible**, an estimate of repair cost will be provided.

Warranty Claim Processing

To obtain warranty service, you must contact the original place of purchase. **Warranty claims must be accompanied by proof of purchase.**

Power Stream may, at its discretion, **repair or replace** any defective product frame or parts with new or serviceable used parts that are equivalent in function to the original. All replaced parts under this warranty will become the property of Power Stream.

Power Stream reserves the right to change component manufacturers to cover any existing warranty. Any defective parts must be returned to Power Stream to obtain warranty service.

Customers must **prepay all shipping costs, export taxes, customs duties, and other associated fees** for warranty service. Additionally, customers assume responsibility for ensuring all parts or products being shipped or returned, as well as the risk of loss during transit.

Disclaimed Warranties

THIS WARRANTY IS PROVIDED IN LIEU OF ANY OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, WRITTEN OR ORAL. TO THE MAXIMUM EXTENT PERMITTED BY LAW, ALL OTHER WARRANTIES ARE EXPRESSLY EXCLUDED, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT OF INTELLECTUAL PROPERTY.

Power Stream reserves the right to update or modify warranty terms at any time without prior notice.
